

376 Series

Panic and emergency exit hardware

The Briton 376 Series is a range of push bar panic exit hardware and push pad emergency exit hardware. Both are available as rim latch, vertical bolts or mortice nightlatch options.

All versions are supplied as a complete boxed product. Versions with pullman latches or other additional features such as alarm connection are specified as complete assemblies which are identified by the following suffixes to the product code:

- .P with pullman latches
- .N with mortice nightlatch
- .A with alarm facility
- .D with manual dogging (hold-back function)

Briton 378 Rim panic latch

Briton 376 panic bolt with vertical latching top and bottom.

Briton 389N push pad emergency exit device with mortice nightlatch.

Certification

- CE Marked to EN 1125 or EN 179 (see chart)
- Fire tested on timber and steel doors for up to 2 hour rating
- DoP available at www.britoninspec.co.uk
